### **Mayomann Launches New Global Video Employment Website**

**VICTORIA** – Today, Mayomann Employment Inc. launched its new website “[www.mayomann.com](http://www.mayomann.com)” a Video Employment platform providing job-seekers with the ability to place complete career profiles and upload video resumes. All Videos are uploaded in a secure area and only visible to employers who are looking for new employees.

Mayomann is the next step in refining the employment process. “The current economic conditions dictate a change must occur based on the volume of unemployed candidates,” Founder and Managing Director of Mayomann.com Mario Gedicke stated. “The world is more computer literate then ever before when it comes to communication. Utilizing the state of the art technology, video resumes are both cost effective and resourceful and enhances a candidate’s chances far beyond written resumes.”

Mayomann Employment Inc. revolutionizes the video employment format by focusing on video resumes for job seekers. Mayomann’s interactive Video Portal helps employers, job seekers, head-hunters, human resource managers, and many professionals to make the prime “connection” and discover successful future careers and employees.

Built to suit job seekers of all levels, Mayomann gives a new edge to impress leading employers across the globe, while also offering employers a new technological advantage with services that give them more control in recruiting.

Mayomann utilizes powerful online tools to make the employment process a more satisfying experience across the globe. Mayomann Employment Inc. is headquartered in Victoria, the capital of British Columbia, Canada, with representatives in Europe and North America.
