Mayomann.com announces partnership with MyStaffingPro

Victoria, April 01, 2010 – Mayomann Employment Inc. is proud to announce the partnership with MyStaffingPro, one of North America leading provider of Applicant tracking and Recruiting software. MyStaffingPro has integrated our Video Employment Platform www.mayomann.com to their Job board distribution list and any clients of MyStaffingPro will be able to immediately post their jobs on our Video Employment Platform www.mayomann.com. "We are pleased to add Mayomann as a certified myStaffingPro partner. Our partnership will allow our clients to reach out to more candidates with even greater ease." Jennifer Brogee, Chief Information Officer, myStaffingPro.

Through this partnership with Mayomann.com, myStaffingPro will:

- * Enhance the applicants with the ability to use resume data from their Mayomann.com profile, or by simply uploading their resume, to pre-populate myStaffingPro job application
- * Increase application rates and maximizing the volume of quality candidates that apply for a job
- * Eliminating redundant data entry for the candidate
- * Improve application quality by allowing job seekers to validate their resume information and modify data before submitting their application

"Mayomann.com and myStaffingPro are providing employers with a great recruiting solution designed to make the recruitment process faster and more convenient for both sides" said Mario Gedicke, Account Executive at Mayomann.com.

About myStaffingPro:

myStaffingPro is a full-featured applicant tracking and recruiting system with advanced screening and configuration capabilities. myStaffingPro provides software to help clients achieve their hiring goals while saving them time and money. The scalable myStaffingPro system can be configured to any hiring process or budget. myStaffingPro currently delivers the hiring process for over 400 clients and has processed over 16 million applications. To learn more about myStaffingPro applicant tracking system, visit www.mystaffingpro.com
